HOW TO CITE RULES AND RSMo

RULES—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the Code of State Regulations in this system—

TitleCode of State RegulationsDivisionChapterRule1CSR10-1.010DepartmentAgency, DivisionGeneral area regulatedSpecific area regulated

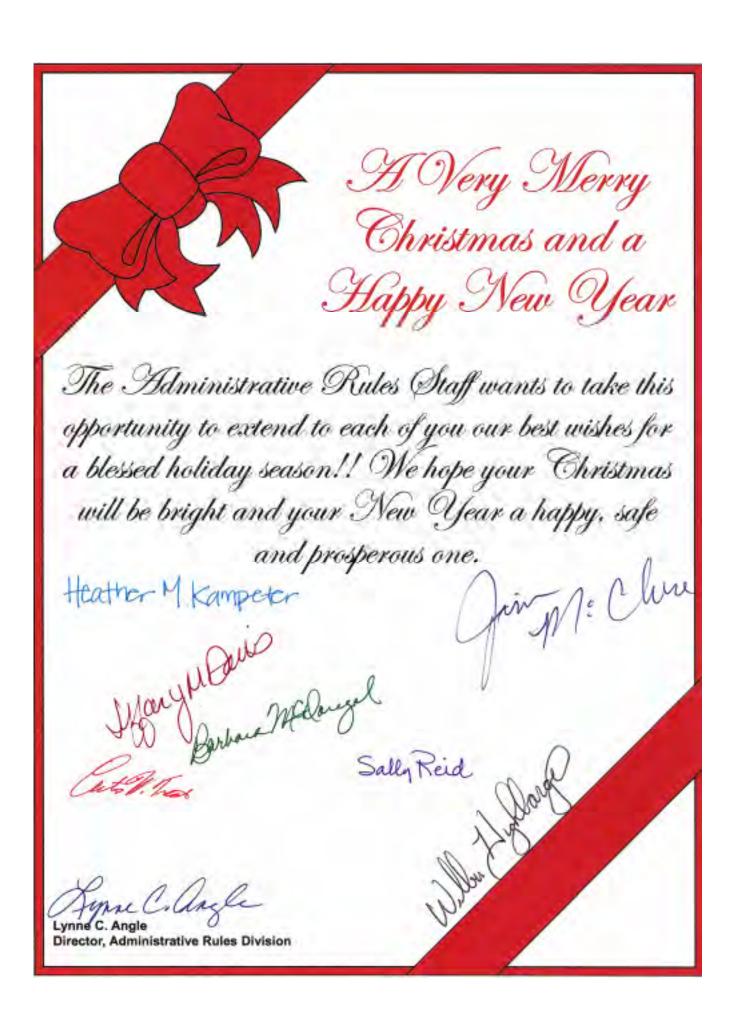

They are properly cited by using the full citation, i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

ules appearing under this heading are filed under the authority granted by section 536.025, RSMo 2000. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the Missouri and the United States Constitutions; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons and findings which support its conclusion that there is an immediate danger to the public health, safety or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

than ten (10) days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the *Missouri Register* as soon as practicable.

Il emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

Title 9—DEPARTMENT OF MENTAL HEALTH
Division 30—Certification Standards
Chapter 3—Alcohol and Drug Abuse Programs

EMERGENCY AMENDMENT

9 CSR 30-3.132 Opioid Treatment Program. The department is amending subsection (1)(B).

PURPOSE: This amendment will exempt agencies from specific eligibility requirements for Opioid Treatment Programs.

EMERGENCY STATEMENT: This emergency amendment will allow a greater number of agencies to make bids on new contracts. Without this amendment, current clients may not receive the necessary treatment because of program closings. The public health, safety, or welfare is at stake due to the limited number of agencies allowed to submit proposals for new state funded requests for proposals. As a result the Department of Mental Health finds that there is a compelling governmental interest in filing an emergency amendment. A proposed amendment, which covers the same material, is published in this issue of the Missouri Register. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the Missouri and United States Constitutions. The Department of Mental Health thinks that this emergency amendment is fair to all

interested persons and parties under the circumstances. This emergency amendment was filed November 8, 2004, effective November 18, 2004, and expires May 16, 2005.

- (1) Eligibility for Certification and Service Delivery. Prior to delivering opioid treatment services, an agency must apply for and receive provisional certification from the department.
- (B) An agency applying for provisional certification as an opioid treatment program in the state of Missouri must have provided other certified alcohol and drug services within the state for two (2) years prior to the application. Agencies responding to a department-funded request for proposal will be exempt from this requirement.

AUTHORITY: sections 630.655 and 631.102, RSMo 2000. This rule originally filed as 9 CSR 30-3.610. Original rule filed May 13, 1983, effective Sept. 13, 1983. For intervening history, please consult the Code of State Regulations. Emergency amendment filed Nov. 8, 2004, effective Nov. 18, 2004, expires May 16, 2005. A proposed amendment covering this same material is published in this issue of the Missouri Register.

he Secretary of State shall publish all executive orders beginning January 1, 2003, pursuant to section 536.035.2, RSMo Supp. 2002.

EXECUTIVE ORDER 04-28

TO ALL DEPARTMENTS AND AGENCIES:

This is to advise that state offices will be closed Monday, January 10, 2005, for the inauguration.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 6th day of December, 2004.

> **Bob Holden** Governor

ATTEST:

Matt Blunt Secretary of State Inder this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

ntirely new rules are printed without any special symbology under the heading of the proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

n important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

n agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety (90)-day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder: **Boldface text indicates new matter**.

[Bracketed text indicates matter being deleted.]

The recommendations will then be mailed to the consumer/family/guardian, in an attachment to a letter from the director or designee stating his/her final decision.
- (6) No new services/supports will begin before the budget is approved through the URC.
- (7) Utilization review levels for budgets are determined by the total cost of all services/supports paid through billing system of the Department of Mental Health (DMH)—including DMH funds, SB40 waiver and non-waiver match, and Medicaid Waiver match dollars. "Family," "Community Partner" and "Other System" dollars are not included.
- (8) Once a budget is approved via the established utilization review/approval process, any request for additional funds must be added to the approved budget (the total cost of all services/supports—including DMH, SB40 waiver and non-waiver match, and Medicaid Waiver match dollars) to determine the new utilization review level.

The additional request may not be considered in isolation of other services/supports the individual and family are receiving.

- (9) A review of a single service should not delay the implementation of other services in the plan.
- (10) Prioritization of Need for Services/Support.
- (A) The URC will consider a service/support for inclusion on a prioritized waiting list if the service/support meets each of the following criteria:
 - 1. It is identified as a need in a person-centered plan;
- 2. It is specifically related to the person's disability (i.e., not something that would be needed regardless of the person's disability); and
- 3. It is unavailable through natural support systems or other funding sources.
- (B) Prioritization of need reviews must be conducted and evaluated by the URC according to the format and guidelines depicted on the department's form entitled "Prioritization of Need for Services/Supports" which is incorporated by reference and available to the public from the Department of Mental Health, Division of Mental Retardation and Developmental Disabilities, PO Box 687, Jefferson City, MO 65102. This rule does not include any later amendment or additions.
- (11) Review/Approval Levels. This section applies only to In Home Supports and Services.
- (A) When multiple family members are receiving division services, this shall be noted. All of the budgets shall be considered together in the utilization review (UR) process in order to have a comprehensive picture of all services/supports going into a single home so the necessary level of services can be determined. This does not require each family member's plan be on the same plan year, but does require all of the current supports in the home be considered.
- (B) Applicable Medicaid State Plan services must be accessed first when the person is Medicaid-eligible and the services will meet the person's needs.
- (C) If the decision of the regional center director results in the denial, reduction, or termination of a specific service, then the person must—
- 1. Be informed in writing at least ten (10) days in advance of the adverse action;
 - 2. Be given the reason for the action; and
- 3. Be given information on his/her rights to appeal the decision of the regional center director.

(12) Utilization Review Timeline.

- (A) Plan Development: Two (2) months prior to plan implementation, the service coordinator/agency shall meet with the individual/family to prepare a plan with justification for the individual's support needs. The initial plan shall be agreed to and signed by the individual/family and the service coordinator. A copy of the plan shall be given to the individual/family at the time of signing. If plan submission would be unreasonably delayed because the individual/family is not readily available for signature, the service coordinator may annotate his/her efforts to obtain the signature on the plan and submit it without the signature. However, a copy of the plan will be mailed to the family by registered mail, before submission.
- (B) Plan Submission: One (1) month prior to plan implementation, the service coordinator shall submit the signed plan to the LIPC ${\bf P}$
- (C) Utilization Review: The URC must review the plan within six (6) working days of receipt. If the URC needs more information in order to make a recommendation, information shall be requested from the service coordinator and the service coordinator has three (3) days to respond. The URC shall make a recommendation to the

- regional center director no later than six (6) days after receipt of all needed information.
- (D) Decision of the Regional Center Director: The regional center director or their designee shall approve or reject the recommendation within five (5) working days of receipt of the URC recommendation
- (E) Notification: The individual/family and agency will be notified in writing of the final decision of the regional center director at least two (2) weeks in advance of service implementation. If, at any level of the utilization review process, an adverse action is recommended, the individual/family shall be—
- 1. Informed in writing at least ten (10) days in advance of the adverse action;
 - 2. Given the reason for the action in writing; and
 - 3. Given written information on his/her appeal rights.
- (F) Services may not be denied, terminated or reduced for Medicaid Home and Community-Based Waiver participants based solely on lack of regional center funds.

- (1) The division shall utilize protocol based upon structured decision-making principles for classification purposes of all child abuse and neglect reports received by the Child Abuse/Neglect Hotline Unit ("Hotline"). The protocols developed by the division shall obtain and classify information, and shall give priority to ensuring the safety and well-being of the child.
- (2) All child abuse and neglect reports received by the Hotline shall be initiated within twenty-four (24) hours of receipt and shall be classified based upon the reported safety risk and injury to the child, including, but not limited to, the following factors:
- (A) If there is serious physical abuse alleged and siblings remaining in the home;
- (B) If there is a child fatality due to alleged abuse or neglect and siblings remain in the home;
 - (C) If there is alleged physical abuse currently occurring;
- (D) If there are injuries or symptoms of injuries evident that require immediate medical care, or if the child is in need of immediate psychiatric care due to alleged abuse;
 - (E) If there were severe or inhumane measures used;
- (F) Does the alleged perpetrator have access to the child in the next twenty-four (24) hours or is the child afraid to go home;
 - (G) Did the alleged abuse occur within the last thirty (30) days;
 - (H) If the child is currently in a protected environment;
 - (I) If the current situation is immediately dangerous;
- (J) If there are prior non-harassment child abuse or neglect reports;

- (3) In all cases, the division must have face-to-face contact with all children in the alleged victim's household within seventy-two (72) hours.
- (4) CA/N Screen-In Criteria—Criteria concerning whether a call is classified as a child abuse and neglect (CA/N) report or a documented call (DOC). If the call is screened-in, it will be accepted as a CA/N report and sent to the county office. If the call is screened out, the call will be documented and entered into the database, but no further action will be taken, unless the division, pursuant to policy decides to refer it for appropriate community service.
- (5) Track Assignment Guidelines—Criteria designed to determine if the screened-in CA/N report will require the investigation response or family assessment response. After response assignment, the report is sent to the local division office for review. The local division office has the option to change the response assignment, given additional information or prior history with the family.
- (6) Response Priority—Criteria to determine the time frame in which the family should be contacted. Each investigation will be classified as a three (3) hour, twenty-four (24) hour, or seventy-two (72) hour call, based upon information received by the hotline. Face-to-face contact can be made by members of the multidisciplinary team (mandated reporters such as juvenile officer, or law enforcement person-

- nel). Initial contacts can include phone calls or contact with appropriate persons in an attempt to make a home visit. Each level will require face-to-face contact based upon the following:

FORM G - RECOUPMENT FORM FOR COMPLIANCE WITH SECTION 137.073,3(2)(a) and (b) FOR POLITICAL SUBDIVISIONS OTHER THAN SCHOOL DISTRICTS NOT IMPLEMENTING SB960 (2004)(Name of Political Subdivision) (Political Subdivision Code) (Purpose of Levy) If assessments are reduced after tax rates are set and the reductions are due to decisions of the State Tax Commission or a judicial court or are due to clerical corrections, the existing tax rate ceiling may be revised to compensate for the changes described above. A political subdivision may document these changes by filing revised copies of each of the tax rate forms for each year that is affected. These changes should be clearly marked on the revised forms and a written explanation of the revised should be attached. Before completion of this form, revisions are required to the prior year(s) tax rate forms to determine the revised assessed valuation and revised tax rate ceiling. Revised forms must be filed with the State Auditor before or at the time the recoupment form is filed. See tab "Input Data" to update the tax rate computation for years 2003, 2002, and/or 2001 using this calculator. Otherwise, manually revise the tax rate computation for years 2003, 2002, and/or 2001. After making revisions, a political subdivision may be permitted to levy an additional tax for up to three years to recoup the revenues it was entitled to receive for the preceding one to three year period affected by the revisions. The steps below determine if a recoupment is permissible and document to what extent the political subdivision desires to recoup in the current year. Start with the third prior year (if applicable) and work forward to the present. To use this calculator, begin by entering the revised information into the "Input Data" tab. The updated information will flow into the applicable line items of the revised 2003, 2002, and 2001 tax rate forms, as well the Recoupment Form. The highlighted cells below must be completed. Print Tip - Select "entire workbook" if you wish to print all forms in one step. Please provide a written explanation in the space below (or by attaching an explanation) as to why the political subdivision would be eligible for the recoupment process. CERTIFICATION I, the undersigned hereby do certify that the data set forth on the accompanying forms is true and accurate to the best of my knowledge and belief. Title 1—OFFICE OF ADMINISTRATION Division 10—Commissioner of Administration Chapter 4—Vendor Payroll Deduction Regulations

ORDER OF RULEMAKING

By the authority vested in the commissioner of administration under sections 33.103, 536.010 and 536.023, RSMo Supp. 2004 and 370.395, RSMo 2000, the commissioner amends a rule as follows:

1 CSR 10-4.010 State of Missouri Vendor Payroll Deductions is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on September 15, 2003 (28 MoReg 1557–1559). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Office of Administration received one hundred sixty (160) comments on this proposed amendment

COMMENT: Approximately one hundred fifty (150) employees sent form letters in support of the proposed rule.

RESPONSE: No changes were made to the rule as a result of these comments.

COMMENT: Paula Bentley, Executive Director of AFSCME Council 72, wrote in support of the proposed rule. Ms. Bentley commented that the Office of Administration has the legal authority to deduct service fees. Ms. Bentley commented that all workers benefit from collective bargaining. Finally, Ms. Bentley commented that the "amount of the fee authorized by the rule change would be the actual pro rata costs of the union's services."

RESPONSE: The rule is a technical clarification and does not authorize a fee. The rule does not address a specific amount for deductions. No changes were made to the rule as a result of this comment.

COMMENT: Senator John Russell commented that the rule ignores the present law and constitutional right of state employees to join or refrain from joining a union. Senator Russell expressed concern over the impact of the rule on the Veteran's Preference. Senator Russell also commented the administration seems to be doing away with the selection of new employees through the Merit System and, also, that the Office of Administration miscalculated the cost to the public and private citizens.

RESPONSE: The commissioner of the Office of Administration formally responded to Senator Russell's concerns in a letter dated October 17, 2003. The response stated that the Veteran's Preference remains unaffected by this rule or current labor agreements and the Merit System would not be changed or impacted in any way as a result of the proposed rule. Finally, the response clarified that the fiscal note is indeed accurate as it is a technical clarification on automatic deductions fees. The printing costs of deductions relating to union activities should be borne by the union and there is only a de minimus cost to process the deductions. No changes were made to the rule as a result of this comment.

COMMENT: Associated Industries of Missouri incorporated by reference the comments of Secretary of State Matt Blunt's September 9, 2003 letter. Associated Industries requested a public hearing. Associated Industries commented that the rule might be construed to permit the state to require consent as a condition of employment. The organization commented that the amendment might permit the state to deduct service fees where the employee consents under duress. Finally, Associated Industries cites section 130.028.2, RSMo which prohibits an employer from receiving or causing to be made a contribution from its employees except on the advance voluntary permission of the employee.

RESPONSE: The rule does not compel payment as a condition of employment nor does the rule address employment conditions. The regulation is an accounting regulation that provides a technical clarification within our accounting regulations. A 2002 opinion issued by the Missouri Ethics Commission addressed the issue of whether the Office of Administration is compelled to adhere to section 130.028.3, RSMo and determined, based on *Carpenter v. King*, 679 S.W.2d 866 (1984), that the state is not compelled to do so. No changes were made to the rule as a result of this comment.

COMMENT: A Fulton State Hospital employee wrote to Secretary of State Matt Blunt in agreement with the secretary's position on union service fees. The employee commented that he felt that the unions had been imposed on the employees. The employee expressed concern over the recruitment and retention of professional staff. The employee's letter was not a direct comment on the rule, but a response to a September 10, 2003 article in the *Fulton Sun* in which the secretary of state discussed his position on the collection of service fees.

RESPONSE: Secretary Blunt responded to the employee and informed him that the employee's letter would be forwarded to Commissioner White for inclusion with comments received during the comment period. No changes were made to the rule as a result of this comment.

Title 5—DEPARTMENT OF ELEMENTARY AND SECONDARY EDUCATION

Division 50—Division of School Improvement Chapter 345—Missouri School Improvement Program

ORDER OF RULEMAKING

By the authority vested in the State Board of Education under sections 161.092 and 168.081, RSMo Supp. 2003 and 162.081 and 167.131, RSMo 2000, the board adopts a rule as follows:

5 CSR 50-345.100 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on August 2, 2004 (29 MoReg 1183–1185). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Elementary and Secondary Education received four (4) comments to the proposed rule. One (1) comment pertains to the rule and three (3) comments addressed the Standards and Indicators used by the Missouri School Improvement Program (MSIP) which are incorporated by reference into the rule.

COMMENT: The proposed rule will cost three hundred thirty-five thousand two hundred twenty dollars (\$335,220). The original rule included a yearly cost of two thousand six hundred sixty-four dollars (\$2,664) which should have been twenty-six thousand six hundred forty dollars (\$26,640).

RESPONSE AND EXPLANATION OF CHANGE: The State Board has redefined the cost of the rule. The changes in the rule and the public fiscal note have been made and reprinted here for clarity.

COMMENT: The Standards and Indicators do not incorporate standards for reviewing A+ Schools in accordance with MSIP.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees that A+ School reviews should be conducted in accordance with MSIP. The State Board of Education has decided to add Standard 7.8 to the Standards and Indicators incorporated by reference: A+ designated high schools provide services to students in accordance with the requirements of the program. The change in the Standards and Indicators has been made and reprinted for clarity.

COMMENT: The following comments were received regarding Standard 6.9 that requires guidance as an integral part of the instructional program.

- In Indicator 6.9.1, guidance is not a "plan" it is a "program" just as math, science, business education, and health. Guidance is a written program aligned with Comprehensive School Improvement Plan (CSIP) goals and student data. "Comprehensive evaluation plan" makes it clearer as to what should be addressed.
- In Indicator 6.9.2, the curriculum needs to be "reviewed" annually, not necessarily "revised" annually. Any curriculum modifications made are based on relevant school data and the needs assessment as needed.
- In Indicator 6.9.3, there should be an emphasis on having a written education and career plan for all students.
- Indicator 6.9.4, should reflect the revised content standards which are aligned with the American School Counselor Association national standards.
- Indicator 6.9.5, should reflect that a comprehensive evaluation plan must look at program implementation, personnel, and program results

RESPONSE AND EXPLANATION OF CHANGE: Based upon the comments, the State Board of Education has decided to change the wording for Standards and Indicators 6.9.1, 6.9.2, 6.9.3, and 6.9.4 of the Integrated Standards and Indicators incorporated by reference. The changes in the Standards and Indicators have been made and reprinted for clarity. The suggestion to add "Comprehensive Evaluation Plan" to Indicator 6.9.5 is redundant, as it is already included in Indicator 6.9.1.

COMMENT: The following comments were submitted on behalf of feedback from school district administrators and department staff:

- Replace instructional "strategies" with instructional "activities" in Indicator 6.1.1.
- Renumber the indicators in Standard 6.2, 6.3, and 6.7 in order of broad topics followed by subtopics.
- Delete Standard 6.3.1 because it is covered in and is more appropriately placed in Standard 6.7.1.
- Include "socio-economic status" as a disaggregated group in Standard 6.2.3.
- Move Standard 6.3.4 to 6.2.2.
- Replace "accept responsibility" with "are accountable" in Standard 6.5.2.
- Standard 8.1.2 requires districts to conduct follow-up studies of its graduates during one (1) of the first two (2) years and the fifth year following graduation, and to conduct surveys of employers and colleges regarding how well the district has prepared students for work or postsecondary education. It is very time intensive and costly for districts to conduct two (2) follow-up studies on each of their graduates, and the data they collect beyond the second year after graduation is very minimal and often unreliable.
- Delete Standard 8.3.5 as it is included in 8.7.5.
- Update the foreword, introduction, and the information pertaining to updating Core Data.

RESPONSE AND EXPLANATION OF CHANGE: The State Board of Education agrees to accept the renumber changes to Standards 6.2, 6.3, and 6.7, to move standard 6.3.4 to 6.2.2, and to delete Standards 8.3.5 and 6.3.1 in the Integrated Standards and Indicators incorporated by reference. The State Board of Education has decided to change the wording of Standards 6.1.1, 6.2.3, 6.5.2, and 8.1.2, as well as the foreword, introduction, and section pertaining to Core Data updates in the Integrated Standards and Indicators incorporated by reference. The changes in the Standards and Indicators have been made and reprinted for clarity.

5 CSR 50-345.100 Missouri School Improvement Program

(1) This rule is to be effective July 1, 2006, and incorporated by reference and made a part of this rule the Missouri School Improvement Program (MSIP) Standards and Indicators Manual which is com-

prised of qualitative and quantitative standards for school districts. As referenced in the MSIP Standards and Indicators Manual, the standards are organized in three (3) sections—Resource Standards, Process Standards and Performance Standards. The standards are supported by appendices which include: the minimum graduation requirements, media standards for school learning resource centers, teacher certification requirements and assessment program standards. Anyone interested in viewing or requesting a copy of the MSIP Manual (Revised September 2004) may contact the School Improvement and Accreditation Section, 205 Jefferson Street, PO Box 480, Jefferson City, MO 65102-0480.

- (2) During each year, the Department of Elementary and Secondary Education (DESE) will select school districts which will be reviewed and classified in accordance with this rule, including the standards, with the appropriate scoring guide and forms and procedures outlined in the annual MSIP.
- (3) The State Board of Education (board) will assign classification designations of unaccredited, provisionally accredited and accredited based on the standards of the MSIP.
- (4) As a condition of receiving a classification designation other than unaccredited, each school district reviewed under MSIP must file, within sixty (60) days of the board's decision, a school improvement plan in a form specified by DESE and implement it in accordance with a specified schedule approved by DESE.
- (5) A school district's classification designation based on the standards of the MSIP will remain in effect until the board approves another designation. The board may consider changing a district's classification designation after its regularly scheduled review or upon its determination that the district has:
- (A) Failed to implement its school improvement plan at an acceptable level;
- (B) Implemented its school improvement plan substantially and, therefore, may qualify for a higher classification designation;
- (C) Employed a superintendent or chief executive officer without a valid Missouri superintendent's certificate in a K-12 school district; or employed a superintendent or chief executive officer without a valid Missouri superintendent's or elementary principal's certificate in a K-8 school district; and/or
- (D) Altered significantly the scope or effectiveness of the programs, services or financial integrity upon which the original classification designation was based.
- (6) A school district designated unaccredited by the board under the provisions of this rule will be liable for tuition and transportation for resident students legally transferring to another district pursuant to applicable state laws and regulations from the date of the action by the board through the end of the school year during which the board awards the district a designation of provisionally accredited or higher
- (7) Any school district which on June 30, 1997, or thereafter, has been classified unaccredited by the board in two (2) successive years will be subject to lapsing, pursuant to applicable state laws and regulations. A school district that is classified as unaccredited shall lapse on June 30 of the second full year after the school year during which the unaccredited classification is initially assigned.
- (8) A school district designated provisionally accredited twice sequentially or a school district designated provisionally accredited after being unaccredited will be designated provisionally accredited for three (3) years, at which time a re-review will be conducted. A district's accreditation designation may not be raised more than one (1) level during a re-review.
- (A) The board may lower a district's accreditation if a district fails to gain full accreditation after being designated provisionally accred-

ited twice sequentially; or after being designated provisionally accredited after being unaccredited and the district fails to make significant or consistent improvement in student achievement in order to gain accreditation.

(9) The board of education of any school district which is dissatisfied with the classification designation assigned by the board may request a hearing before the commissioner of education for the purpose of showing cause why its classification designation should be reconsidered. Each request must be submitted in writing within thirty (30) days of the board's classification designation, setting forth the specific reasons for the request, including any errors of fact upon which the board relied in making the classification designation. If the commissioner of education agrees that sufficient cause has been shown, s/he will request the board to reconsider the district's classification designation together with the additional or corrected information.

REVISED PUBLIC COST: This proposed rule is estimated to cost school districts three hundred thirty-five thousand two hundred twenty dollars (\$335,220) per year for the life of the rule and Department of Elementary and Secondary Education two hundred twenty thousand five hundred thirty-eight dollars (\$220,538) per year for the life of the rule with a combined total of five hundred fifty-five thousand seven hundred fifty-eight dollars (\$555,758) per year for the life of the rule.

Title 5—DEPARTMENT OF ELEMENTARY AND SECONDARY EDUCATION Division 50—Division of School Improvement Chapter 345—Missouri School Improvement Program

ORDER OF RULEMAKING

By the authority vested in the State Board of Education under sections 160.518, 160.545 and 161.092, 163.031, RSMo Supp. 2004 and 161.210, RSMo 2000, the board adopts a rule as follows:

5 CSR 50-345.200 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on August 2, 2004 (29 MoReg 1186-1187). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Elementary and Secondary Education received (1) comment related to the proposed rule.

COMMENT:

- The proposed regulation does not clearly state what parts of the MSIP review are waived as a result of the school and/or district meeting the prescribed conditions. Some sections describe waivers of the on-site MSIP review while other sections merely offer "waivers."
- Three (3) of the waivers are titled based on what the district/school must do to receive the waivers. Only subsection (1)(A) (MSIP On-Site Review) is titled for what is waived.
- The Hold Harmless waiver rule does not appear to be congruent with the Hold Harmless statute. The Hold Harmless statute provides Hold Harmless school districts with a summary waiver of "pupil testing requirements." We believe that requiring districts to meet the prescribed performance standards contradicts the districts' waiver regarding pupil testing.
- Clarify what is waived for an A+ High School that obtains a waiver under the proposed regulation.
- It is unclear where the term "exemplary school" originated. Statute 160.518.3 creates "Outstanding Schools Waivers" for schools that meet certain student performance criteria at exemplary levels.
- Remove the requirements in proposed sections (1)(C) and (1)(D) that require the school not be designated as a Priority School. The state will need to adopt a regulation actually defining "Priority School." It is improper to deny a school a waiver for being labeled a "Priority School" when the school does not know what factors are considered when naming Priority Schools.
- Rename the MSIP On-Site Waiver to Performance Waiver.
- Change the waiver definition for Hold Harmless districts to include "a waiver of all aspects of the MSIP review process."
- The "Waiver Checklist" title is misleading. The term checklist would seem to indicate that the standards and indicators that follow must be met in order to obtain a waiver.
- The "Application" section of the proposed regulation conveys that districts and schools must apply for the MSIP waivers. However, the actual wording indicates that waivers are granted by the commissioner, not applied for.
- Change the language for waiver criteria to "shall be granted a waiver of their next scheduled on-site MSIP review and Standards and Indicators review, except for the mandatory standards and indicators listed in section (3)."
- Change the title of the rule to "Standards and Indicators that May Not be Waived."

RESPONSE AND EXPLANATION OF CHANGE: All of the waivers outlined in the rule are on-site MSIP review waivers and are named based upon the level at which the waiver is granted (district or school) and based upon the additional criteria required for a waiv-

er to be granted at the school level. The waiver rule indicates that all of the MSIP on-site review process and all standards and indicators are waived, except those standards and indicators for which the district must be in statutory compliance (listed on the waiver checklist). The department agrees "Exemplary Schools Waiver" should be named the "Outstanding Schools MSIP Waiver" in keeping with statutory language. The State Board declines to allow Priority Schools to receive an MSIP waiver. The rule governing Priority Schools is currently in development and will correspond with the waiver rule. The department continues to increase the emphasis on student performance as part of MSIP and will not waive any performance standards. The term "Hold Harmless" used in the waiver rule is in conflict with the common term referring to the financial identification of districts as "Hold Harmless." Therefore, the department has concluded that the "Hold Harmless Waiver" shall be changed to "Other Waiver." The State Board declines to change the title to "Standards & Indicators that May Not be Waived." Based on the comment, the State Board agrees to reword the waiver rule to clarify the different types of waivers and their outcomes.

5 CSR 50-345.200 Waivers of Regulations

- (1) This rule contains four (4) types of Department of Elementary and Secondary Education (DESE) waivers of regulations which may be granted to schools or school districts: School District Missouri School Improvement Program (MSIP) Waiver, A+ High School MSIP Waiver, Outstanding School MSIP Waiver, and Other Waiver. This rule is to be effective July 1, 2006. Districts or schools qualifying for these waivers are exempt from the MSIP on-site review process and MSIP Resource and Process Standards and Indicators not listed in the Waiver Checklist. The area supervisor will visit districts or schools that qualify for an MSIP Waiver to verify compliance with the Standards and Indicators listed in the Waiver Checklist.
 - (A) School District MSIP Waiver.
 - 1. Qualifications include:
- A. The district achieved accreditation in the most recent MSIP review and is accredited at the highest level as defined by MSIP and has no Missouri Assessment Program (MAP) scores at or below the established floor based upon the two (2) latest DESE generated Annual Performance Reports (APR); and
- B. The district is in compliance with all Resource and Process Standards and Indicators listed in the Waiver Checklist.
